

Shewani Negi

Frontend Developer | UI Engineer

✉ shewanioffical@gmail.com | ☎ 8792089991 | 📍 Bangalore

PROFESSIONAL SUMMARY

Highly skilled UI Developer with 8+ years of experience in designing and developing scalable, responsive, and high-performance web applications. Proven expertise in Angular (up to v17), JavaScript, NGRX, RXJS, HTML5, CSS3, Bootstrap, and modern UI frameworks. Adept at collaborating with cross-functional teams in Agile environments, delivering impactful solutions, and driving user experience improvements. Passionate about crafting intuitive interfaces and optimizing application performance.

CORE SKILLS

Frontend: HTML5, CSS3, JavaScript, Typescript, Angular, NGRX, RXJS, Bootstrap, AG Grid, Intro.js

Backend: Node.js, Express.js, REST APIs, MongoDB

Tools & Technologies: VS Code, Eclipse, Git, Dreamweaver, Postman, Notepad++

Methodologies: Agile (Scrum), Code Reviews, CI/CD Collaboration

Soft Skills: Problem Solving, Team Collaboration, Time Management, Communication, Adaptability

PROFESSIONAL EXPERIENCE

Accolite Digital – Associate Technical Delivery Manager

Sep 2018 – Apr 2021 | Bangalore

Led UI development for Cash and Securities Transfer Authorization (CSTA), enhancing user experience for financial operations.

Developed robust features using Angular 7+, RXJS, NGRX, reducing page load times by ~25%.

Engineered complex dynamic grids with AG Grid, significantly improving data handling and visualization.

Implemented Intro.js guided tours that improved user onboarding efficiency by 30%.

Collaborated with backend teams for API integrations using Node.js, ensuring seamless data communication.

Participated in Agile ceremonies, code reviews, and sprint planning to deliver high-quality software on time.

Antal Infotech (Client: Dell R&D) – *Software Developer*

Apr 2017 – Jan 2018 | Bangalore

Designed UI architecture using Angular 2, HTML5, CSS3, and VMware Clarity design system.

Built responsive forms with template-driven and reactive validations, improving form accuracy by 20%.

Developed interactive dashboards with Chart.js, enhancing data visualization capabilities.

Troubleshoot and resolved critical UI bugs, improving application stability.

Tata Consultancy Services (TCS) – *Software Developer*

Mar 2016 – Mar 2017 | Bangalore

Sole offshore developer responsible for UI development for OneCloud.

Delivered end-to-end feature development and proactive bug resolutions, ensuring 99.9% application uptime.

Liaised with onsite teams for requirements gathering and seamless project delivery.

Wipro Technologies – *Software Developer*

Jan 2012 – Mar 2016 | Bangalore

Developed and maintained front-end components for the eRAM banking application in the Banking & Finance Domain.

Designed UI screens using HTML5, CSS3, JavaScript, aligning with banking UI/UX standards.

Authored detailed functional specifications and test cases to support development and QA teams.

PROJECT HIGHLIGHTS

Cash and Securities Transfer Authorization (CSTA) – Led UI development for financial transaction processing, improving operational efficiency.

Dell R&D Internal Tools – Created UI dashboards for internal system monitoring and reporting.

OneCloud (TCS) – Managed frontend development single-handedly as the offshore developer.

EDUCATION

Graphic Era University – MCA

2008 – Jun 2011
