- **Soft Skills:** Problem Solving, Team Collaboration, Time Management, Communication, Adaptability

---

## Professional Experience

### Accolite Digital – Associate Technical Delivery Manager

*Sep 2018 – Apr 2021 | Bangalore*

- Led UI development for Cash and Securities Transfer Authorization (CSTA), enhancing user experience.

- Developed robust features using Angular 7+, RXJS, NGRX, reducing page load times by ~25%.

- Engineered complex dynamic grids with AG Grid, significantly improving data handling and visualization.

- Implemented Intro.js guided tours, improving user onboarding efficiency by 30%.

- Collaborated with backend teams using Node.js, ensuring seamless data communication.

- Participated in Agile ceremonies, code reviews, and sprint planning.

---

### Antal Infotech (Client: Dell R&D) – Software Developer

*Apr 2017 – Jan 2018 | Bangalore*

- Designed UI architecture using Angular 2, HTML5, CSS3, and VMware Clarity design system.

- Built responsive forms with template-driven and reactive validations, improving form accuracy by 20%.

- Developed interactive dashboards with Chart.js.

- Troubleshot and resolved critical UI bugs, improving application stability.

---

### Tata Consultancy Services (TCS) – Software Developer

*Mar 2016 – Mar 2017 | Bangalore*

- Sole offshore developer responsible for UI development for OneCloud.

- Delivered end-to-end feature development and proactive bug resolutions, ensuring 99.9% uptime.

- Liaised with onsite teams for requirements gathering and seamless delivery.

---

### Wipro Technologies – Software Developer

*Jan 2012 – Mar 2016 | Bangalore*

- Developed and maintained front-end components for the eRAM banking application.

- Designed UI screens using HTML5, CSS3, JavaScript.

- Authored functional specifications and test cases to support QA and development.

---

### Project Highlights

- **Cash and Securities Transfer Authorization (CSTA):** Led UI development, improving financial transaction efficiency.

- **Dell R&D Internal Tools:** Created internal dashboards for monitoring and reporting.

- **OneCloud (TCS):** Managed frontend development single-handedly as offshore developer.

## Education

**Graphic Era University – MCA**
2008 – Jun 2011
